

TWO DOTS

An Explosive Fusion of Talent and Musical Creativity

Formed in 2019, TWO DOTS is a Belgian duo composed of Gwenn Nicolay and Nico d'Avell, two passionate musicians who met on the Brussels music scene. Rooted in local jam sessions, they quickly discovered a creative chemistry that gave birth to this unique project. Their innovative approach to music, combining classical instruments with modern technologies such as loop stations and synthesizers, allows them to deliver immersive and highly dynamic live performances.

Gwenn Nicolay is a guitarist, singer, sound engineer, and composer with a charismatic voice. Originally from Brussels, he brings emotional depth and on-stage energy to every performance. Alongside him, Nico d'Avell, a multi-instrumentalist, sound engineer, composer, and producer, adds rhythmic and melodic richness with his mastery of drums and keyboards. Raised in a family of musicians, Nico honed his skills from an early age, bringing technical, sonic, and subtle dimensions to the duo. Their musical and personal synergy lies at the heart of TWO DOTS' identity.

Their musical journey began with the idea of blending their respective skills through the use of technology to create intense stage performances. By leveraging tools like Ableton Live, MIDI pedals, and loop stations, they have pushed the limits of their creativity while maintaining a simple philosophy: "Work seriously without taking ourselves too seriously." This approach allows them to create a festive and electrifying atmosphere at every concert, where the audience can't help but dance and resonate with their contagious energy.

TWO DOTS has made a name for itself on the Belgian scene with captivating live performances where the complicity between Gwenn and Nico is palpable. Their music, oscillating between reimagined covers and original compositions, is designed for both the stage and production projects for television, radio, advertising, and cinema. Their presence at numerous festivals, event parties, and venues across Belgium this year reflects their commitment to sharing their passion for music with an ever-growing audience.

In 2024, TWO DOTS reached a turning point in their career with the release of their debut single, "This is Our Home". This track, carried by Nico's catchy melodies and Gwenn's deep voice, was well received by both the public and critics, strengthening their presence on the Belgian music scene. "This is Our Home" has become an anthem during their concerts, inviting audiences to feel at home, wherever they may be.

With ever-evolving musical production and upcoming projects, TWO DOTS continues to push the boundaries of live music and creativity, offering a memorable experience with every performance.
